

ANANYA TRIPATHI

Interior and Lighting Designer

With a background in interior and architectural lighting design, I also have experience as a 3D visualization artist, leading creative teams. Proficient in project scheduling, modelling, rendering, FF&E documentation, presentation pitches, mood boards, and budgeting, I have been part of high-value projects and overseen execution from concept development to on-site supervision. I am eager to join a UK-based firm to further develop my skills and contribute to research based, process oriented, human-centered design. Completed my masters from the University of The Arts London (UAL), I am eligible for the Graduate Route Work Visa.

Experience

2023 (October - Present)

Junior Lighting Designer

Studio ZNA | London, United Kingdom

-Advanced Lighting Design and Technical Proficiency: Demonstrated expertise in lighting design for high-profile museums like the Jersey Museum and V&A Museum (London),

-Leveraging skills in 3D modelling (AutoCAD and SketchUp), lighting visualisation (Adobe suite) and measurement (Dialux).

--Comprehensive Project Management and Execution: Proficient in guiding projects through RIBA stages of the design process, from concept to completion, with a strong focus on issuing detailed construction drawings and specification packages.

- Experienced in overseeing on-site installation and fine-tuning of dimmable lighting systems (DALI, Casambi), including understanding DMX protocols and networking for dynamic and efficient lighting solutions, ensuring adherence to electrical and lighting codes and safety standards.

-Client-Centric Design and Innovative Solutions: Expert in developing narrative-driven lighting schemes, tailored to enhance spatial experiences. Adept in integrating the latest trends in theatrical, architectural, and event lighting design, ensuring each project is a collaborative effort uniquely catered to viewer ergonomics.

2021 (February - April)

Interior design and Lighting Design Assistant

Sorted Pandit Design Studio | Bangalore, India

-Acquired comprehensive knowledge of technical visualization, architectural lighting - including design concepts and installation.

-Managed lighting product drafts, budgets, and sales, connecting with clients and coordinating across departments.

-Regular delivery of BOQs, and FF&E details as well as creating client-centric presentations at each deliverable stage.

2019 (May - June)

Art and Creative Direction Internship

House of Blue Beans | Bangalore, India

- Art Direction Intern specializing in interior spaces at the visualization firm.

-Directed modelling, lighting, and rendering teams by providing concepts, mood boards, and technical catalogues.

-Developed spatial design ideas around client 'hero' products, managed project delivery, and honed skills in interior styles, constraints, and clear communication.

2018 (June - July)

Architectural Intern

Hundred Hands | Bangalore, India

-Full-time intern managing dual projects: music studio construction and Indian Institute of Science (IISc) building wing renovation.

-Led on-site supervision for a music studio, gaining skills in spatial design, acoustic treatment of interiors, and construction execution.

-Model Making, sketching, hand drafting, site measuring.
